Sustainable Design / Technology Tenure-track position

The Department of Architecture at the University of Texas at San Antonio invites qualified individuals to apply for one tenure-track position in Sustainable Design / Technology at the rank of Assistant Professor, beginning in August 2018. Candidates will be expected to demonstrate strong potential for scholarly research in their area of expertise and their ability to integrate their specialty area into the classroom and the design studio. Areas of expertise may include building envelope systems, electric and daylight systems, building systems integration, advanced and high performance building systems, building performance analysis, post occupancy evaluation, life cycle analysis, energy efficient buildings, CFD analysis, or related areas.

The minimum degree requirement for this position is a Master of Architecture or closely related discipline accompanied by professional experience. Preferred qualifications include a Ph.D. in Architecture or closely related discipline, professional registration and/or evidence of or potential for effective University teaching. Candidates must have completed all requirements for the Master of Architecture degree by the date of hire or, if ABD, must be able to complete their Ph.D. within one year of the date of hire. Salary will be commensurate with qualifications.

Faculty members are expected to engage in an active research agenda (to pursue external research funding and publications), deliver undergraduate and graduate courses, and meet service obligations (university, discipline, community). Teaching responsibilities for this position will be focused on an integration of sustainable design/technology into the curriculum through teaching building technology courses, seminars, and architectural design studios at both the undergraduate and graduate levels, as well as supervising research students and participating in studio reviews. Department of Architecture faculty have a 2/2 teaching load.

The Department of Architecture offers fully accredited degree programs in Architecture (BS and M. Arch) and Interior Design (BS Interior Design) and a research degree (MS in Architecture) with concentrations in Historic Preservation and Sustainable Architecture. The department is housed within the College of Architecture, Construction, and Planning (CACP) with programs in Construction Science and Management (BS CSM), Urban and Regional Planning (MS URP), Graduate Certificates in Historic Preservation and Urban and Regional Planning, and two research centers -the Center for Cultural Sustainability and the Center for Urban and Regional Planning Research- and the Center for Architectural Engagement. With 800 undergraduate and graduate students, the CACP is supported by full-time faculty members and adjunct faculty drawn from the local design and construction community. The CACP is located in downtown San Antonio, one of America's oldest and most culturally diverse cities where design, construction and research find unique topics of inquiry. The College's faculty is committed to education, and to building an institution that fosters intellectual excellence and collegiality.

Required Application Materials
Applicants must submit the following items electronically (PDF format only) to the STARS System at: https://jobs.utsa.edu/ (Click on the Faculty tab and scroll down through the postings until you see this position title).
1) Letter of interest/narrative statement that describes in 1 to 2 pages, your qualifications for the position, area of expertise, plans for future research/creative practice, and pedagogical approach.

2) Curriculum vita and/or resume. If candidate is currently working toward a terminal degree, please give evidence of graduate hours completed.

3) List of at least three references with all contact information.

4) Sample publications and an optional 15 to 20 page non-returnable portfolio (in PDF format). Provide work that is representative of research/creative practice, teaching ability, and student work.

Review of completed applications will begin on Monday, November 6th, 2017 and continue until the position is filled.
